Unlocking the potential of radiology in diagnosis and treatment of NTM-PD

LUNCH

11:50am-12:40pm

2023 NTM Research Consortium Meeting

Friday, November 3, 2023

12:40pm – 3:20pm

Host-Directed Therapies

12:40pm

Minh-Vu Nguyen, National Jewish Health
Metformin as adjunctive host-directed therapy for patients with NTM-PD

1:20pm

Kenneth Olivier, University of North Carolina
CFTR mutations and the potential of modulator therapy in the treatment of pulmonary NTM

2:00pm

Leopoldo Segal, New York University
The lung microbiome and the potential therapeutic applications in pulmonary NTM

2:40pm

Amy Leestemaker-Palmer, Oregon State University
Macrophage function in the face of pulmonary NTM infection; will GM-CSF help eradicate NTM?

BREAK

3:20pm-3:35pm

3:35pm

Chuck Daley, National Jewish Health
ARISE preliminary data

What's Cooking in Industry's Corner

4:05pm-5:30pm

What's Cooking in Industry's Corner

4:05pm

Kevin Mange, Senior VP, Head of Clinical Development, Insmid Incorporated (FDA U01)

4:25pm

Gail Berman, VP, Medical & Scientific Strategy, Paratek Pharmaceuticals

4:40pm

Xilla Ussery, VP, Clinical Development, Spero Therapeutics

4:55pm

Lynn Connolly, Senior VP, Clinical Development, AN2 Therapeutics

5:10pm

Thomas Hoffman, Chief Scientific Officer, MannKind Corporation

5:25pm

Kevin Mange, Senior VP, Head of Clinical Development, Insmid Incorporated

DINNER & WINING

5:30pm-9:00pm
